Big Bruzer is one of the most physically impressive bulls we have ever seen. He combines perfect structure with great yet smooth bone standing upon a huge set of hooves. He combines a phenomenal amount of muscle with excellent skeletal width. I have not seen another individual with as much depth and spring of rib. CONSIDER THE MATING POSSIBILITIES!

WE WOULD LIKE TO THANK R PLUS SIMMENTALS, ESTEVEAN, SASK & GRAESSER BROTHERS, DALLAS, SD FOR THEIR \$30500 INVESTMENT IN WHAT WE BELIEVE TO BE THE NEXT GREAT HIGH IMPACT SIRE.
